Matt Bowen vs. Big Dogg

"

mbowen" As the stream fades from black, we have Big Dogg and Matt Bowen already in the ring. The bell sounds to start the match. Both men look up. Big Dogg take control early, whipping

Bowen into the ropes and catching him with a big boot. As Bowen hits the mat, Dogg begins to stomp away at him. He picks one of

Matt's legs up, and stomps the inside of his knee, Dogg runs and bounces off the ropes, leaping high up and coming down with a splash.

Dogg mounts Bowen and begins to lay into him with heavy rights and lefts. Out of nowhere, Matt Bowen defends himself with a thumb jab to the eye of Big Dogg causing him to

de-mount and fall to the mat. Bowen uses the ropes to get to his feet. Big Dogg gets to his as well. Both men rush each other, but Matt Bowen catches Big Dogg with a huge spear. Bowen quickly gets to his feet and bounces off the ropes, dropping a big knee to Big Dogg. He stands up, then drops a second knee before making the pin and hooking the leg.

The referee counts the three and for the second week in a row, Matt Bowen secures a victory over Big Dogg. The stream fades to black.
